SUBJECT: Peru Response: UNGA Specific Resolutions

REF: STATE 116264

CLASSIFIED BY: P. Michael McKinley, Ambassador; REASON: 1.4(B), (D)

(C) Pol/C spoke November 16 with MFA Director General for Human Rights Juan Pablo Vegas, who said the Government of Peru's position on these country specific resolutions at the UNGA was identical to that of the USG. Vegas emphasized that Peru opposed "no action" motions as a matter of principle, and would vote against them. He added that Peru would support the substantive resolutions against Burma, Iran and the DPRK, noting that the Iran's post-election crackdown had highlighted the problems there and that the DPRK would likely find itself isolated in the votes.
